Incident ID

**1024154-026**

County: Sutter

Incident Date: through

Year: 2011

State: CA

Total Number: 1

Case #: S09-0034

Country: USA

Total Magnitude:

Weather:

**Incident Type**

☐ Aqua. Animal

☒ Terr. Animal

☐ Field Study

☐ Aqua. Plant

☐ Terr. Plant

Created: #####

Updated: #####

**Abstract:**

Bromadiolone (0.19 ppm) was detected in the liver sample of a red fox from Sutter, CA during 2011. The liver sample was collected from the red fox as part of a long term genetics and population study. The cause of death for the red fox was not reported (D1104583-01 S09-0034).

With the present submission it would be important to have postmortem evidence of a coagulopathy for a diagnosis of anticoagulant rodenticide intoxication. In the absence of a coagulopathy, the detected concentration is consistent with exposure (not intoxication).
